LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

As a student deeply interested in political science, I took both the U.S. Government and Comparative Government AP tests despite the fact that Comparative Government was not taught at my school. This study guide gave me a five on the test and great pleasure in reading it because of its serious nature of exposition.
