Design a Country - project example

What Makes a Country a Country? We begin the country design project as a class by first creating on chart paper a list of different characteristics of nations. This is a great place to start because it begins to stimulate the students' ideas for the country they will design.

When a 10-Year-Old Designs a Country

Having students create their own country is a great way to combine fantasy with reality and create a memorable and valuable learning experience. It's a fun way to get students thinking creatively (and critically!) about their world while meeting your learning objectives. For more project-based learning ideas, check out this article.
