which discussed effective and meaningful research methods in the social sciences. Becker's later books included What About Mozart? What About Murder?

Howard S. Becker | Biography, Books, & Facts | Britannica

In *Tricks of the Trade*, Becker outlines his ideas on sociological methods. The book focuses on Becker's belief that it is impossible to establish a method of research independent of the situation it is being used in. [2] According to Becker, the principles of social research he describes in the book are based primarily on what he learned from his professors and colleagues at the University of Chicago . [18]
