LEARNING PROCESSING 2ND EDITION

Find a friend in code. This book tells a story. It's a story of liberation, of taking the first steps towards understanding the foundations of computing, writing your own code, and creating your own media without the bonds of existing software tools. This story is not reserved for computer scientists and engineers.

Hands-on Machine Learning 2nd edition.
Hands-on Machine Learning has a
unique approach. It usually starts with a
high-level description of different
machine learning concepts to give you
the general idea; then you go through
hands-on coding with Python libraries
without going into the details; finally,
when you get comfortable with the
coding and concepts, you lift the hood
and get into the ...
