Ruin Memories

New Project: Object Matters. Ruin Memories: A Portfolio. Introduction. Modernity is rarely associated with ruins. In our everyday comprehension ruins rather bring to mind ancient and enchanted monumental structures; an archaeological dream world featuring celebrities such as Machu Picchu, Pompeii and Angkor Wat. Yet never have so many ruins been produced; so many things been victimized and made redundant, so many sites been abandoned.

RUIN MEMORIES

Ruin Memories explores how the ruins of modernity are conceived and assigned cultural value in contemporary academic and public discourses, reassesses the cultural and historical value of modern ruins and suggests possible means for reaffirming their cultural and historic significance. Crucial for this reassessment is a concern with decay and ruination, and with the role things play in expressing the neglected, unsuccessful and ineffable.
