The Value Investors: Lessons from the World's Top Fund Managers was one of the recent books I have read. This book essentially distilled the lessons encountered by the World's top fund managers over their investment lifetime in simple examples for readers like us.

The Value Investors - 12 Investors We Can Learn From!

"Our definition of value comes directly from the finance textbooks, which define value for any investment as the present value of the future free cash flows of that investment. You will not find value defined in terms of low P/E [price-to-earnings] or low price-to-cash flow in the finance literature.

Bill Miller: Lessons From The Legendary Value Investor ...

Because most of what you read on value is more of the same, I was pleasantly surprised by the book Value Investing: Lessons from the World's Top Fund Managers. It explores the personal stories of several great managers and details the lessons they've learned.

Value Investing: Lessons from the World's Top Fund Managers

Value investors can learn valuable lessons from the likes of Benjamin Graham, Shelby Davis, Warren Buffett, and Joel Greenblatt. Image source: Getty Images. What is value investing?

The Greatest Value Investors of All Time | The Motley Fool

One other lesson for value investors from Renaissance: you can blow up your portfolio with bad behavioral investing, so dial in your investing process. It seems even the best freak out when their portfolios decline.

A Value Investor's Lesson on Valuing People - Safal Niveshak

I can think of at least three big lessons that investors can learn from the Renaissance masters. The first is the meaning of faith, a scarce resource in today's markets, as we eagerly seek confirmation that we are right in market movements and are quick to give up, when things don't go our way.

Investing And Valuation Lessons From Renaissance

Value investing is about minimizing risk. Graham's painful losses in the 1929 crash and Great Depression led him to hone his investment techniques. These techniques sought to profit in stocks while minimizing downside risk. He did this by investing in companies whose shares traded far below the companies' liquidation value.

Benjamin Graham: The Dean of Value Investing - The Frugal Prof

It provides great tips and tidbits for value investors including the key chapters on how to research a company through its financial statements, before buying. Lessons Learned from the Book 1.
