The Victorian Railway

In Victorian times, Britain's railway network grew rapidly. In the 1840s 'Railway Mania' saw a frenzy of investment and speculation. £3 billion was spent on building the railways from 1845 to 1900.

Victorian Railways - The National Archives

Victorian railways, although somewhat treacherous, introduced railway construction throughout the country. Victorian railways attracted passengers and goods customers due to the speed and efficiency at which they operated. It signaled to potential investors that the railways were profitable enterprises if financed and operated correctly.

Railways During the Victorian Era | Worldwide Rails

The Victorian Railways (VR), trading from 1974 as VicRail, was the state-owned operator of most rail transport in the Australian state of Victoria from 1859 to 1983. The first railways in Victoria were private companies, but when these companies failed or defaulted, the Victorian Railways was established to take over their operations.

Victorian Railways - Wikipedia

Victorian Railways (often abbreviated to VR) is a Post-War caravan company in Victoria and the Bass Strait. Since its rebirth in the 2130s, the company has reached new heights, being one of the most successful caravan companies in the state. In 2287, the company is led by Commissioner Paul Logon.

Melbourne's Electric Railway System (1927) Operation Phoenix (1950) Year of Achievement (1961) on the Timeline page. Aug 6 2020: Finally assembled a page for Tallarook, as usual, if you have any historic photos of Tallarook (pre 1980) please send them so I can include them on the page.

Victorian Railways

The Victorian Railway by Jack Simmons The railway was the creation - in some ways the archetypal creation - of the Victorian age. It transformed the whole social and intellectual fabric of Britain, affected Victorian thought and language, figured in the literature of the age, inspired artists, transformed communications and expanded the horizons of ordinary folk.

The Victorian Railway By Jack Simmons | Used ...

Britain has the oldest railway system in the world and was the first country in history to use steam locomotives. Victorian trains and railways played a huge role in the Industrial Revolution and the enormous economic and social changes that took place during the Victorian era.

Victorian Railways History 1839-1899

I have a long standing interest in all things Victorian and particularly in the railway and have read extensively on the subject. Jack Simmons has been relentless in pursuit of detail, but in my humble opinion often a particular subject can seem completely divorced from its predecessors. This leaves one feeling that this is more a collection of ...
